

7.3.1 Institutional Distinctiveness

7.3.1 Portray the performance of the Institution in one area distinctive to its priority and thrust.

The Dev Samaj(a unique religious moment) was founded in 1887 by the most Worshipful Bhagwan Dev Atma. The Dev Samaj considers women education essential for their social, moral and spiritual upliftment. DevSamaj College for Women, Chandigarh started with a humble beginning in 1981 to blossom to its present position. Located in Burail village, Sector-45, the college has carved a distinctive place for itself even when majority of the students come from low income families with minimal exposure in the cultural and sports arena and lowest rung academically. Nurturing these students to excel in various fields is the priority for the institution. The college focuses on catering to the social, emotional and educational needs of the students to make them realize their full potential.

Over the past 43 years the Institution has functioned with the sole aim of ensuring access to quality education, particularly to those who struggle to access mainstream learning. The students with mediocre profile are selected in various co-curricular activities and sports, and then given the right exposure and guidance so that they can create a mark for themselves. They are given ample opportunities to develop their entrepreneurial skills under the theme 'Earn while Learn'. Students gain hands-on experience that prepares them for future jobs.
